I'm a 4th-year Computer Science student with a strong academic foundation and practical experience in software development and project management. I've gained valuable experience through hands-on projects and internships and I'm currently working toward an MSc in Secure Systems. Alongside my technical work, I enjoy taking on leadership roles, like organizing Tietokilta's annual ball and leading various committees within the guild. I'm passionate about blending technical know-how with strong people skills to create meaningful results.

Education

Aalto University, MSc in Computer Science, Secure Systems 2024 –

- **Coursework:** Design of WWW Services, Supervised Machine Learning

Aalto University, BSc in Computer Science 2021 – 2024

- **GPA:** 4.4/5.0
- **Minor:** Industrial Engineering and Management
- **Coursework:** Web Software Development, Databases, Machine Learning, Computer Networks, Software Project 1-2, Information Security, Human-Computer Interaction

Experience
